Dennis:

Just confirming my/our receipt of your note below. I will be initiating the review of the AM (and accompanying materials) over the weekend to be sure to be in a good position to move it quickly through OEM - OSWER - HQ first thing next week.

Thanks,

Larry, once again let me apologize for the delays in getting this action memo to you. Hopefully OSWER and OGC will find that the extra time the Region has taken have resulted in a better product. Anticipating that we will need at some point to discuss any comments and concerns that arise during the HQ review, please contact me at your earliest convenience so we can schedule a conference call to discuss comments as opposed to any extensive exchange of documents/emails.

Attached for your review are a cover memo requesting the OSWER review/concurrence, a final draft action memo and a copy of the Enforcement Confidential document. We have not included here all of the other attachments referenced in the Action Memo which will make up the Administrative Record. I will have them sent over the weekend in a separate email.

Thanks for OEM's coordination and support. dennis.
